**BEFORE STARTING INSTALLATION, SHUT THE LINE FEED POWER OFF USING THE CIRCUIT BREAKER.**

Instructions pertaining to a risk of fire, electric shock or injury to persons. Installation must be done according to local electrical codes. Installation must be done by a qualified electrician.

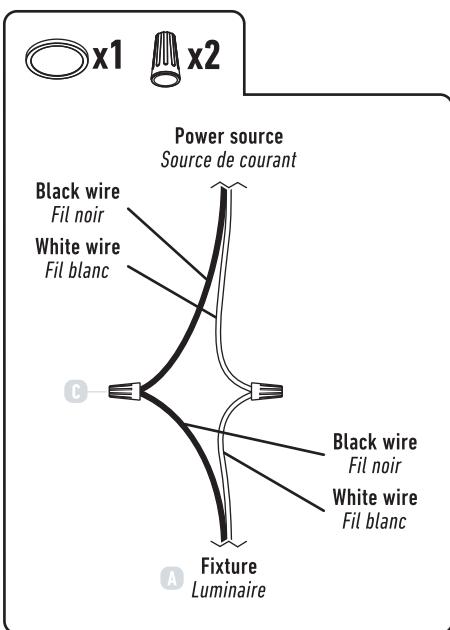

**AVANT DE DÉBUTER L'INSTALLATION, COUPER L'ALIMENTATION DU FIL DU SECTEUR À L'AIDE DU DISJONCTEUR.**

Ces instructions se rapportent à un risque d'incendie, de chocs électriques ou de blessures corporelles. L'installation doit être effectuée conformément aux codes électriques locaux. L'installation devrait être effectuée par un électricien qualifié.

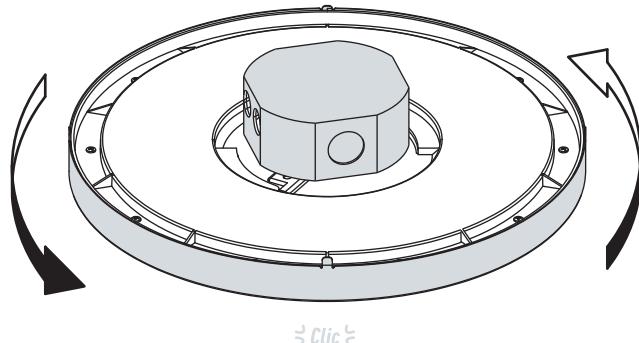

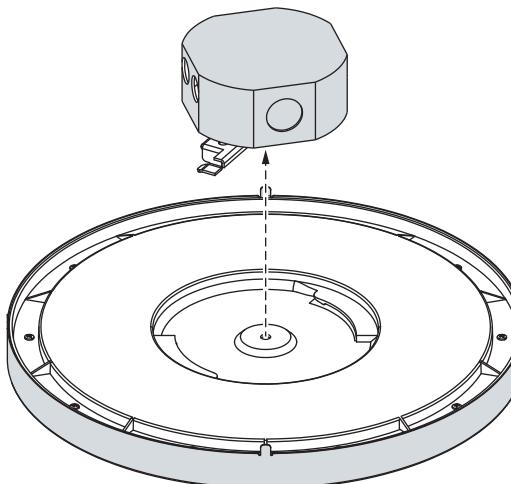

- 1** Fix the mounting bracket to the electrical box.  
Installer le support de montage sur la boîte électrique.

- 2** Make the electrical connections.  
Faire les connexions électriques.

- 3** Install the fixture to the mounting bracket.  
Installer le luminaire au support de montage.

- 4** Turn the power back on.  
Rétablissement le courant.

- 5** To pair your fixture to the Dals Connect app™, follow the instructions. (P.3)  
Pour jumeler votre luminaire à l'application Dals Connect app™, suivre les instructions. (P.3)

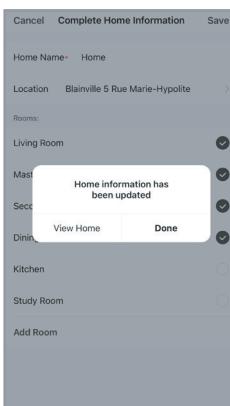

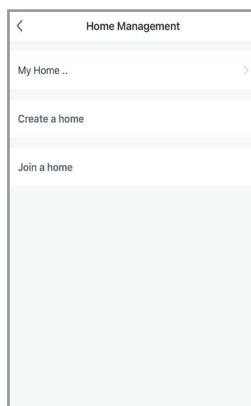

- 1** Download the Dals Connect app and create an account.  
Télécharger l'application Dals Connect et créer un compte.

Download on the  
App Store

GET IT ON  
Google Play

- 2** Configure your profile and set your home inside the app. This will allow you to control light groups and create advanced automation based on your location.

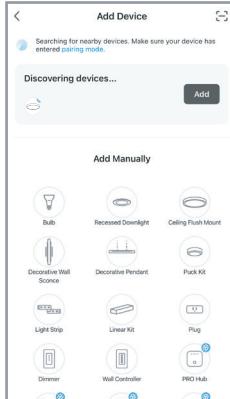

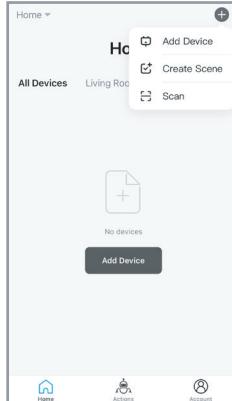

- 3** To initiate the pairing of your fixture, follow the sequence till the light starts breathing: 5X (POWER ON - POWER OFF - 5-7s)

Then, in the Dals Connect app, press the "+" sign in the top right-hand corner and select "Add Device". It will be detected instantly under "Add device", then press on "Add".

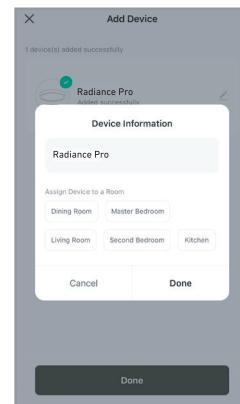

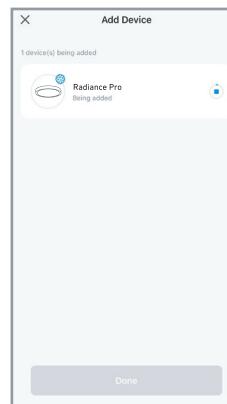

Pour initier l'appairage de votre luminaire, suivre la séquence jusqu'à ce que la lumière commence à respirer: 5X (ALLUMER - ÉTEINDRE - 5-7s)

Ensuite, dans l'application Dals Connect, appuyer sur le signe "+" dans le coin supérieur droit et sélectionner "Ajouter un appareil". Il sera détecté instantanément sous "Ajouter un appareil", appuyer ensuite sur "Ajouter".

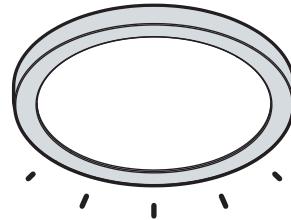

- 4** On this next step, your light will be added to the app. If you are connecting multiple products at once, they will be added in a batch. From here you can either click "Done" at the bottom, or click on the "pen" to rename the light and add it to one of your rooms.

À cette nouvelle étape, votre produit sera ajouté à l'application. Lors de la connexion de plusieurs produits à la fois, ils seront ajoutés en lot. Une fois le produit ajouté, appuyer sur "Terminé" ou cliquer sur le "crayon" pour renommer votre produit et l'ajouter à l'une de vos pièces.

- 5** You can now control your lights with your smartphone!  
Vous pouvez maintenant contrôler vos lumières via votre téléphone intelligent!

**!** If you have trouble setting your smart products, go to "Account" and select "How to videos" or "FAQ and comments". If your issue persists, feel free to contact us.

Si vous ne parvenez pas à configurer vos produits intelligents, allez dans "Profil" et sélectionnez "How to videos" ou "FAQ et commentaires". Si le problème persiste, n'hésitez pas à nous contacter.

**FCC STATEMENT**

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
    - (1) This device may not cause harmful interference, and
    - (2) This device must accept any interference received, including interference that may cause undesired operation.
  2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/ TV technician for help.

**FCC Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm (8 inches) during normal operation.

**Industry Canada Notice ICES-003**

1. This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
  - (1) This device may not cause interference.
  - (2) This device must accept any interference, including interference that may cause undesired operation of the device.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**ISED RF Exposure statement**

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the ISED radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm (7.9 inches) during normal operation.

**Avis d'industrie Canada****NMB-003**

1. Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS)d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes :
  - (1) Cet appareil ne doit pas causer d'interférences.
  - (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.
2. Cet appareil numérique ne dépasse pas les Rélements sur l'interférence radio par un appareil numérique de classe B stipulées dans les Réglement sur l'Interférence radio d'industrie Canada.

**Déclaration d'exposition RF UTILISÉE**

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. Afin d'éviter la possibilité de dépasser les limites d'exposition aux fréquences radio ISDE, la proximité humaine de l'antenne ne doit pas être inférieure à 20 cm (7,9 pouces) pendant le fonctionnement normal.

**WARRANTY:**

**DALS** offers a 5 year warranty from the date of purchase which covers repairs or replacements of defective parts of the housing, optics, and electronics.

**GARANTIE:**

**DALS** offre une garantie de 5 ans à partir de la date d'achat qui couvre la réparation ou le remplacement des pièces du boîtier, des pièces optiques et électroniques défectueuses.
